 **PHANTOM™**
SCREENS

Outdoor living, indoor comfort

Top left: Durable pleated mesh provides insect protection without obscuring your view.

Top right: The perfect combination of solar shading and fresh air ventilation.

Bottom left: Low profile threshold fits flush to the floor so you can walk right over.

Bottom right: Quality components and professional installation ensures a perfect fit.

Open your home to the outdoors

Keep your home cool and enjoy the view without the intrusion of pests or glare from the sun. Distinction screens offer a flexible and reliable solution for screening oversized doors and openings.

The ultra fine mesh blocks insects and up to 55% UV rays whilst letting fresh air through and retaining your view. Plus, the screens are professionally installed by your local design and fitting expert for your peace of mind.

FEATURES

Fits most doors including sliding, double and bi-folds.

Wire tension system for smooth operation.

Low profile bottom rail means you don't need to step over it.

Durable pleated mesh.

All screens come with a Phantom Lifetime Warranty.

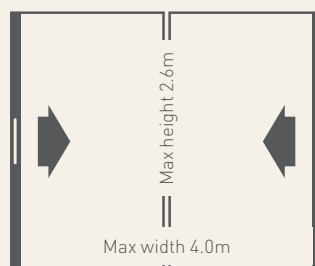

COLOURS & SIZES

Distinction screens can be finished in any RAL colour to match existing décor.

Single Panel

Double Panel
